SUMMARY

I am a motivated BCA student specializing in Media & IT at The NorthCap University, where I have achieved a CGPA of 9.25. My experience includes hands-on projects in Python and web development, including a voice assistant. With a strong foundation in multiple programming languages and a leadership background in extracurricular activities.

EXPERIENCE

Artificial Intelligence Assistant

The NorthCap University   -- Dont add this multiple time and do not mention it in experince, since you made this project for yourself not for the university

📅 08/2024 - 12/2024   📍 Gurgaon, India

University project developing an AI assistant

- Developed a smart voice assistant using Python that could perform tasks like web search, opening apps, and providing weather and time updates.
- Implemented a command parsing system to understand and respond to user queries dynamically
- Ensured smooth user experience by handling exceptions and optimizing response time
- Gained hands-on experience in AI, automation, and human-computer interaction

Python Development Intern

CodeAlpha

📅 01/2025 - 01/2025   📍 Gurgaon, India

Internship focused on developing Python applications

- Developed a fully functional Hangman game with user input validation, visual feedback, and replay functionality
- Created a command-line tool to track stock holdings, calculate profit/loss, and fetch live stock data using APIs

EDUCATION

BCA in Media & IT

The NorthCap University

📅 08/2023 - 06/2026   📍 Gurgaon

CBSE

St. Soldier Sr. Sec Public School
